INTRODUCTION

The City of Lincoln's commitment to fair employment practices encompasses the belief that equal employment opportunity is a vital element of the basic merit system. The merit system maintains that all persons should be afforded equal access to public service opportunities limited only by their ability to do the job.

Affirmative Action is the process through which equal employment opportunity is realized. Equal opportunity cannot be fully achieved until inclusiveness is a priority. If we are going to make progress in providing complete equal opportunity, the means by which we seek to remove disparities must not be merely passive.

Affirmative Action is the comprehensive term for all the programs in which the City actively participates to attain the status of equal employment opportunity. The City of Lincoln's Affirmative Action Program is a guide to assist Departments in the revision, implementation and improvement of their employment procedures in the area of equal employment opportunity. This Program confirms the City of Lincoln's commitment to affirmative action and serves as an outline of the strategy the City will use to achieve the desired results.

Since affirmative action is a process, it is susceptible to change. Shifting requirements, reinterpretation by the courts, new legislation and reallocations of responsibility all dictate revisions in processes. Therefore, this program will require annual review and revision.

This Affirmative Action Program has been designed to permit flexibility in its application by the City Departments with diverse needs. Consequently, Departments are requested to approach these objectives with innovation and creativity. Equal employment opportunity is the law. Effective affirmative action is the means for fulfilling lawful responsibility and it must be a shared concern.

The Mayor and the Affirmative Action Office call upon every person in the City involved in recruitment, hiring, and promotions to exert their best efforts to achieve the goals set forth in the affirmative action plan and to engage wholeheartedly in the effort to ensure a wholly nondiscriminatory process of recruiting, hiring, and promoting women, members of minority groups, qualified individuals with disabilities, and Veterans at all levels of employment throughout the City.

Any member of the public or person employed by the City who wishes to make recommendations or suggestions concerning this City Affirmative Action Program is encouraged to do so. Please address inquiries to:

SECTION I

COMMITMENT TO EQUAL EMPLOYMENT OPPORTUNITY

It has been, and will continue to be, the policy of the City of Lincoln to be an equal opportunity employer.

In keeping with this policy, the City of Lincoln has designed and agreed to implement an Affirmative Action Program in accordance with all the relevant Federal, State and local non-discrimination and affirmative action laws, regulations and their amendments which pertain to the legal basis for affirmative action and equal opportunity, including but not limited to: the Fourteenth Amendment to the U.S. Constitution, the Civil Rights Act of 1964, the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, the Nebraska Fair Employment Practice Act, and Title 11 of the Lincoln Municipal Code.

The City will continue to recruit, hire, train, and promote into all job levels the most qualified persons without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations. All other personnel matters such as compensation, benefits, transfers, layoffs, City-sponsored training, education, tuition assistance, and social and recreational programs will continue to be administered in accordance with the City of Lincoln policy. Denying equal opportunity for employment due to any of the above bases is contrary to the principles of freedom and is a burden on the objectives of public policy of the City of Lincoln.

All employment decisions are based on job related standards and must comply with the principles of equal employment opportunity.

Affirmative Action Program Objectives

- I. The administration of the City of Lincoln is morally, ethically, and legally committed to a policy of fairness and equity for all employees and affirms that the City of Lincoln is obligated to provide every employee the opportunity to achieve maximum potential as an employee. In accomplishing these objectives, the City of Lincoln shall:
 - A. Encourage and assist all persons without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations, to realize their full potential.
 - B. Strive to achieve realistic goals of full participation of minorities, women, and persons with a disability in all levels of municipal employment which might reasonably be expected in proportion to the number of such persons available for a given type of job in the area's work force.
 - C. Comply with both the spirit and the letter of the law guaranteeing equal opportunity and freedom from discrimination in any terms or conditions of employment.

- D. Continually analyze all City jobs and position classifications to identify any imbalance caused by any and all artificial barriers resulting in disproportionate classifications. This will include amending driver's license requirements to include language such as "or the ability to provide independent transportation" where driving is not an essential function of the job.
- II. The purpose of the City of Lincoln's Affirmative Action Program is to provide fair and equal employment opportunities for both employees and applicants for employment on the basis of individual merit and fitness to be ascertained through fair and practical methods of selection of applicants and promotion without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations. It is also the purpose of the Affirmative Action Program to outline and implement procedures to effectively maximize the utilization of the city's available human resources by applying sound management and merit principles, and available statistical data reflecting job market conditions and availability of persons possessing requisite skills. All departments of the City will make a good faith effort to eliminate all disparity in the employment of minorities, women and persons with a disability in Lincoln's municipal government work force. Employment parity in the City work force and in job classifications will be accomplished by a thorough review of the departments' procedures and the City's total personnel administration system by the Affirmative Action Officer. This will be done through the following components of our Affirmative Action Program:

A. Recruitment

- (1) Affirmative recruitment of minorities, women, and persons with a disability for City job and position classifications for which they are qualified with emphasis on positions of greater responsibility;

While the Personnel Department is responsible to provide a list of eligible applications, it is the responsibility of the hiring department and the Affirmative Action Officer to participate with the Personnel Department in attracting protected group members to the City of Lincoln's applicant pool.

- (2) When employees are pictured in consumer or help wanted advertising, minority and non-minority women and men and persons with a disability will be shown.

B. Classification/Upward Mobility

- (1) Academic experience and skill requirements shall be reviewed to ensure that such requirements do not constitute inadvertent discrimination. Qualifications shall also be reviewed to ensure consistency for the same job titles throughout the City and/or Personnel Department to ensure they are free from bias with regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations.
- (2) Counseling and assisting employees in identifying appropriate career ladders in municipal government.

- C. Training of Department Heads, Managers, and Supervisors in affirmative action procedures and equal employment policies including training which develops a bias free work environment;
- D. Conducting work force analyses to determine if any deficiencies exist;
- E. Work force analyses will be used to establish affirmative action objectives. Where under-utilization exists in City employment, the Department Head or designate and the Affirmative Action Officer shall make good faith efforts to address the under-utilization.
- F. Where gender and racial disparities are found, all efforts shall be made to correct such disparities by applying the previous five (5) procedures.
- G. Developing individual department plans by identifying personnel requirements and objectives in accordance with the overall City's Affirmative Action Program.
- H. Implementing training programs including: the Mayor's Diversity Fellowship Program, student internships, and on-the-job training programs.

Persons With a Disability

It is the policy of the City of Lincoln to seek and employ qualified personnel and to provide equal employment opportunities for all applicants and employees in recruiting, hiring, placement, training, compensation and benefits, promotion, transfer, and termination. To achieve this, the City of Lincoln will take affirmative action to employ and advance in employment qualified individuals with disabilities and will administer all personnel actions without regard to disability and base all such decisions on valid job requirements. Employees and applicants shall not be subject to unlawful harassment.

Individual with a disability means any person who:

Has a physical or mental impairment which substantially limits one or more of such person's major life activities;

Has a record of such impairment; or

Is regarded as having such an impairment.

Qualified individual with a disability means:

An individual with a disability who satisfies the requisite skill, experience, education, and other job-related requirements of the employment position such individual holds or desires, and who, with or without reasonable accommodation, can perform the essential functions of such position, EXCEPT,

The terms *individual with a disability* and *qualified individual with a disability* do not include individuals currently engaging in the illegal use of drugs, when the employer acts on the basis of such use. These terms also do not include an individual who is an alcoholic whose current use of alcohol prevents such individual from performing the essential functions of the employment position such individual holds or desires or whose employment, by reason of such current alcohol abuse, would constitute a direct threat to property or to the health or safety of the individual or others.

Substantially limits means:

Unable to perform a major life activity that the average person in the general population can perform; or

Significantly restricted as to the condition, manner, or duration under which an individual can perform a particular major life activity as compared to the condition, manner, or duration under which the average person in the general population can perform that same major life activity.

With respect to the activity of working, “substantially limits” means significantly restricted in the ability to perform either a class of jobs or a broad range of jobs in various classes as compared to the average person having comparable training, skills, and abilities. The inability to perform a single, particular job does not constitute a substantial limitation in the activity of working.

Major life activities include, but are not limited to:

Functions such as caring for oneself, performing manual tasks that are of central importance to most people’s daily lives, walking, seeing, hearing, speaking, breathing, and learning.

Reasonable Accommodations

1. The City of Lincoln will make reasonable accommodation to the known physical and mental limitations of an otherwise qualified individual unless it can demonstrate that the accommodation would impose an undue hardship on the operation of its business.
2. If an employee with a known disability is having significant difficulty performing his or her job, and it is reasonable to conclude that the performance problem may be related to the known disability, such employee’s supervisor will confidentially notify the employee of the performance problem and inquire whether the problem is related to the employee’s disability. If the employee responds affirmatively, the City shall confidentially inquire whether the employee is in need of a reasonable accommodation, such that the employee may perform the job in accordance with those standards established by the supervisor for all employees in the same or similar position.

Review of Physical and Mental Qualifications

1. The City of Lincoln will make an ongoing effort to review the physical and mental qualifications of all City jobs to assure they are job related. Throughout the year, we shall complete such a review of each open position, as it is filled.
2. In the same way, the City of Lincoln will review physical and mental qualifications of any job whenever the position description for that job is revised.
3. The City of Lincoln administers physical examinations only post-offer/pre-employment. Physical examinations are not given to all applicants/employees, but rather to each applicant offered an opportunity in a particular job title.

4. Information obtained about any applicant's or employee's medical condition or history shall be collected and maintained on separate forms and in separate files.

These files will be treated as confidential except as necessity and the law permit and shall not be used for any purpose inconsistent with the law.

Harassment in Employment

(Reference Personnel Policy Bulletin #2001-2, June 2001)

- I. Policy Statement. It is the policy of the City of Lincoln that all employees are entitled to a workplace free of harassment and that all employees will treat each other with courtesy, dignity and respect. Harassment in the workplace is a form of discrimination and is prohibited by state and federal law. This policy addresses harassment based upon race, color, national origin, ancestry, religion, age, marital status, disability and sex, as well as harassment resulting from an individual's opposition to discrimination or participation in complaint proceedings. All harassment complaints will be taken seriously and will be investigated appropriately. Corrective action will be taken as warranted by the facts.
- II. Scope. This policy applies to all City employees in the classified and unclassified service.
- III. Harassment Defined. Harassment is conduct towards another person or identifiable group of persons including, but not limited to, unwelcome comments or other conduct that reasonably interferes with an individual's work or creates an intimidating, hostile, or offensive working environment.
 - A. Sexual Harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal, physical or visual conduct of a sexual nature constitute sexual harassment when:
 - (1) Submission to such conduct is either an explicit or implicit term or condition of employment; or
 - (2) Submission to or rejection of such conduct is used as a basis for employment decisions affecting the person involved; or
 - (3) Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment. Hostile environment sexual harassment is defined as unwelcome sexual conduct that is sufficiently severe or pervasive that it alters the conditions of employment and creates an environment that a reasonable person would find intimidating, hostile, offensive or humiliating. This definition goes beyond casual, infrequent or isolated instances.
 - (4) Such conduct does not have to be addressed toward the complaining party. In third party situations, the victim does not have to be the person harassed but could be anyone affected by the offensive conduct of others.

Examples of sexual harassment or behavior that constitutes a hostile working environment include, but are not limited to the following: verbal harassment, abuse or

teasing of a sexual nature, including the use of sexually offensive language, characterizations or humor; subtle pressure or requests for sexual activity; unnecessary touching of an individual, e.g., patting, pinching, hugging, repeated brushing up against another employee's body; leering or ogling at an individual; requesting or demanding sexual favors accompanied by implied or overt threats concerning an individual's employment status; or requesting or demanding sexual favors accompanied by implied or overt promise of preferential treatment with regard to an individual's employment status.

- B. Harassment Based on National Origin, Race, Religion, Disability, Age, Color, Ancestry, or Marital Status. — This type of harassment consists of conduct that creates or perpetuates a hostile working environment based on national origin, race, religion, disability, age, color, marital status or ancestry. A hostile working environment is defined as vicious, offensive, frequent and reprehensible instances of harassment constituting a concerted pattern of harassment. This definition goes beyond casual, infrequent or isolated instances. Examples of conduct which may create a hostile working environment may include such actions as verbal harassment or abuse, posting or distributing derogatory bulletins, pictures, or cartoons, or offensive language, characterizations or humor.

- IV. Harassment Prohibited. Any conduct which constitutes harassment in the workplace or which contributes to the existence of a hostile working environment as defined herein is hereby expressly prohibited. Any City employee who engages in such conduct shall be subject to disciplinary action including, but not limited to, suspension, demotion, or termination of employment.

- V. Reporting. Individuals who believe they have experienced or witnessed harassment should report it to his/her supervisor or department head immediately. Individuals who do not feel comfortable reporting harassment to their supervisors or department heads should report the harassment to the City-County Personnel Director or Affirmative Action Officer. Complaints may be either written or verbal.

Allegations of harassment shall be investigated and dealt with in a fair, unbiased and timely manner. If the complaint is found to be invalid, all involved parties will be so notified. If the complaint is found to have merit, corrective action will be implemented. Such action shall include but is not limited to eliminating any prohibited conduct or conditions, and imposing appropriate disciplinary sanctions including suspension, demotion, or termination of employment.

- VI. Duty to Report. Supervisors and administrators who knowingly condone, fail to report, or fail to take action to remedy incidents of harassment or retaliation may themselves be subject to discipline.
- VII. Confidentiality. Confidentiality is required so individuals feel free to come forward and so that reputations may be protected. Confidentiality is important to the fair investigation of a harassment complaint and all parties to the complaint are encouraged to maintain confidentiality at all times.

However, complete confidentiality cannot be guaranteed in all instances. In order to conduct an effective investigation and, when necessary, to impose appropriate sanctions, it may be necessary to reveal information regarding the complaint to the alleged harasser and potential witnesses. Appropriate supervisors will be informed about the progress of the complaint and/or investigation strictly on a need to know basis.

- VIII. Retaliation Prohibited. This policy is intended to encourage individuals to report incidents of harassment. Retaliation against an individual for reporting or complaining of harassment or enforcing this policy is strictly prohibited. For purposes of this policy, retaliation means adverse actions against individuals because they have, in good faith, reported instances of harassment or alleged harassment, or participated in or have been witnesses in any procedure to redress a complaint of harassment.

Problems of minority or female utilization by Job Group:

The City of Lincoln compares the incumbency of minorities and women in each Job Group to determine if the availability for a Job Group is greater than incumbency in an effort to determine if there are any Job Groups in which the percentage of minorities or women employed in the Job Group is less than would reasonably be expected given their availability percentage for that particular Job Group. If such a situation exists, the City of Lincoln has established the goal of making a good faith effort to close the gap.

Problems of minority or female distribution/placement by Job Group:

We have identified no impediments to equal employment opportunity in the placement of women or minorities in the different jobs in any Job Group. To the extent a goal has been established for minorities or women in any Job Group, any problem areas will be addressed by our good faith efforts to meet such goal. See also the discussion of action-oriented programs in Section VIII of the AAP and internal monitoring in Section IX of the AAP.

These analyses are done periodically and statistical compilations will be performed at least annually for selection decisions made in the prior AAP Year.

Applicant Flow:

The City of Lincoln does not encourage unsolicited applications. Applications submitted to the general file and not for a specific open position will be kept on active file for six months but must be activated by the job seeker in order for that person to be considered for a specific open position and thus be identifiable as an “applicant.” We maintain data on all applicants. Applicants of identifiable race, ethnicity, and sex are those that either 1) voluntarily complete a self-identification form; 2) are visually identified during interview; or 3) are current employees. Records are kept for each selection decision, if any, for which the applicant was considered. This allows us to complete required analyses, by job title, of the selection rates of persons of identifiable race, sex, and ethnic group. These data and these analyses will be collected and performed at least annually.

Further, we regularly compare the percentage of minorities and women who apply, by Job Group, with our estimate of availability for each Job Group. We hope that such a comparison will give us additional information about both the accuracy of our availability estimate and the results of our good faith efforts to invite minorities and women to apply for equal opportunities at the City of Lincoln.

Hires, promotions and other personnel actions:

- A. In order to be considered for any opportunity, a job seeker (whether internal or external) must make a timely submission expressing interest in the stated opportunity in the form required by the City of Lincoln. Each application must be signed and completely filled out or it will not be evaluated and no employment decision will be made.
- B. No question in any application form or in any examination shall be so framed as to elicit any information concerning the political or religious opinions or affiliations or race of any applicant, nor shall inquiry be made concerning such opinions or affiliations and all such disclosures thereof shall be discountenanced.

- C. All appointments to positions in the classified service shall be made according to merit and fitness. Merit and fitness shall be ascertained insofar as practicable by examinations which shall be prepared by or under the direction of the Personnel Director and shall relate to those matters which will test fairly the capacity and fitness of candidates to discharge efficiently the duties of the positions for which examinations are held. Admittance to such examinations may be limited to regular employees in the city service when the Personnel Director, after consultation with the department head concerned, determines that there are a sufficient number of qualified candidates within the classified service to provide competition.
- D. Examinations designed to establish eligible lists shall be open to all citizens of the United States, regardless of residence, registered aliens, and persons who have obtained working papers from the federal government who may be lawfully appointed to a position in the class concerned, and who appear to meet the qualifications and other requirements for the class as set forth in the vacancy announcement.
- E. Promotional examinations shall be open to any employee who appears to meet the qualifications. Admission to promotional examinations may be restricted by the Personnel Director to employees of a specific division or department when such action is in the best interest of the City.
- F. Pursuant to *The Uniform Guidelines on Employee Selection Procedures* and Title VII case law, the City of Lincoln performs all analyses of employment decisions on the basis of persons who sought or were considered for a specific job title or who were “tested” using the same selection device.

These analyses will be performed periodically, on at least an annual basis, for all opportunities filled in the AAP Year.

In addition, the City of Lincoln will record all personnel activity that is non-competitive in nature, such as changes which are a result of reclassifications or audits of employees whose jobs have changed as a result of reorganization, assumption of additional responsibilities or redistribution of work. There, advancement for one employee does not constitute a “denial” of any opportunity for any other employee. Such movements will not be commingled in our analyses of employment decisions made on the basis of comparative qualifications of applicants for a specific vacant position. These reclassifications are not from “among” any pool of persons from which we make a selection and they may not be commingled with competitive selections for analytical purposes. Nevertheless, the City reviews them to ensure that such reclassifications are not unlawfully based on race, color, religion, sex or national origin.

- G. Similarly, the City of Lincoln records, but does not include in an analysis of selections, personnel activity such as reinstatement to the prior job upon return from medical leave (long term or short term), reinstatement or placement as a result of settlement of a grievance, or those transactions that do not involve the selection of one job seeker and the rejection of another or others. Such personnel activities are not “opportunities.”

Terminations:

Voluntary Terminations:

There is no “pool” of persons who might choose to terminate employment voluntarily.

By definition, such terminations do not involve an employer decision or “selection.”

These are, therefore, not susceptible to any statistical analysis of “selection disparities.”

Involuntary Terminations:

There are a variety of reasons for which a person might leave the employment of the City of Lincoln other than by choice. There is no single “pool” of all persons who are involuntarily terminated.

While some involuntary terminations involve employer choice, some do not. For example, some employees die or do not return, as hoped or expected, from long term disability leave. While such terminations may not be “voluntary,” they do not involve a decision by this employer. Some terminations are planned for, such as the completion of a temporary assignment or expiration of an employment contract. There is no “selection decision” involved in such circumstances. It would be erroneous to include such terminations in any statistical computation of “selection disparities.”

Terminations for cause do involve an employer decision. However, there is no “pool” of persons who are considered for termination for the various policy infractions for which a person might be discharged. For example, the only persons who are considered for termination for poor performance are those who perform poorly. (The situation is similar for violations of attendance policy, insubordination, and the vast array of lawful reasons for which an employee might be involuntarily terminated.) A disparate treatment analysis or “selection rate” cannot be computed except with similarly situated people.

There is only one kind of involuntary termination for which the City of Lincoln can do an analysis of “selection disparities”: a reduction in force. Where the City must eliminate jobs, it does so by objective standards which vary according to the relevant labor contract but which decisions are made without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations. In such circumstances we can measure any differences in selection rates to determine if there are statistical indicators of disparate treatment and/or measure the impact of any neutral selection criteria to determine if there is any adverse impact of that criteria. The City of Lincoln will routinely conduct such analyses whenever we have a reduction in force.

SECTION VI

IDENTIFICATION OF PROBLEM AREAS

COMPENSATION SYSTEMS

The City of Lincoln performs analyses of its total employment process to determine whether impediments to equal employment opportunity exist. Specifically, we review our compensation systems to determine if there are gender-, race-, or ethnicity-based disparities. We have identified no disparities based on unlawful factors.

The City of Lincoln has written pay policies and standardized pay practices under the Step System and the Variable Merit System. These policies and procedures are outlined in Chapter 2.76 of the Lincoln Municipal Code and in the negotiated contracts of each employee union.

The City of Lincoln has collective bargaining agreements with the following unions: Lincoln Police Union (LPU), International Association of Firefighters (IAFF), Amalgamated Transit Union (ATU), National Association of Government Employees (NAGE), and Lincoln City Employees Association (LCEA). These agreements cover working conditions for all bargaining unit employees, including pay practices and rates of pay. There are no race-, gender- or ethnicity-based disparities in these practices or rates of pay.

The establishment of salary grades and the establishment of salary ranges of various breadths provide tools to the City of Lincoln to manage compensation in such a way as to attract and retain qualified employees. While it is typically more expensive for an employer to attract a new hire than to retain a current employee, these ranges provide sufficient flexibility to meet both these essential needs and produce no disparities based on unlawful considerations.

The relative position of each employee within the salary range is based on considerations such as level of performance, degree of responsibility; starting salary (which is influenced by considerations such as relevant education and experience at time of hire); length of service, contributions made or increased skills and proficiencies acquired since the last adjustment, the amount of previous salary increases and the employee's salary level as compared to that of similarly situated employees.

Many decisions affecting compensation are made by employees (e.g., whether to compete for a posted opportunity, relative qualifications for such opportunities, performance, and a decision to acquire additional education or training, etc.). Some decisions affecting compensation are made by the employer, always without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, sexual orientation, or political opinions or affiliations.

SECTION VII
PROBLEM IDENTIFICATION
PERSONNEL PROCEDURES

As part of the City of Lincoln's on-going self-audit to identify problems or potential problems, we conduct in-depth analyses of the personnel procedures component of the total employment process.

I. Requisitions, Position Descriptions and Job Specifications

- A. All vacancies in the classified service are filled by re-employment, promotion, original appointment, transfer, or demotion. When a vacancy in the classified service is to be filled other than by transfer or demotion the department head must submit a requisition to the Personnel Director. The requisition must be completed and approved prior to the commencement of recruitment for any new position or for any replacement. This requisition states the class title, the number of positions to be filled, and other appropriate information, including whether the department wishes to confer with the Affirmative Action Office for recruiting strategy. In addition, desirable special qualifications for the position under consideration may be indicated and the reasons therefor. A Personnel Technician is assigned and is responsible for contacting the selecting department to carefully review the job specifications before posting, to ensure that they are congruent with the written position description on file and are otherwise job related.
- B. All position descriptions will be continuously reviewed, with changes made where necessary, to accurately reflect current job duties. Position descriptions will establish job-related and non-discriminatory requirements.
- C. We will continue to examine our recruitment process, including requisitions, review of position specifications, solicitations of applications and acceptance of same from job seekers for potential impediments to equal employment opportunity.

II. Selection Procedures

- A. Applicants for posted opportunities may be either internal employees or job seekers not currently employed by the City. Both are treated the same in the selection process. Both internal and external applicants are asked to submit a completed application form.
- B. The Personnel Technician assigned to fill the job, reviews and screens all applications and supplementary questionnaires as they are received. All must be received or postmarked by any posted deadline in order to be evaluated. Depending on the number of qualified applicants, the Technician may refer all or only a portion of the applicants received.

- C. Upon receipt of a requisition for filling a vacant position, the Personnel Director shall certify in writing the proper number of names from the appropriate eligible list or authorize some other kind of appointment as provided in these rules. No appointment except a temporary appointment shall be made without such certification or prior authorization. The following lists shall be used by the Director in the order indicated: (1) re-employment lists; (2) promotion lists; (3) eligible lists. The appointing authority shall return the list of names or the reasons in writing for not filling the vacant position.
- D. Eligible candidates shall be certified in strict order of standing on the list of eligible candidates, except in cases where the Personnel Director has determined there is good reason for certification of eligibles with special qualifications. In the latter case, eligibles meeting these special qualifications shall be certified in the order of their standing on the list.

The Personnel Director will certify eligible as follows:

For appointment to positions in the classified service: Five names of persons having the highest ratings on the eligible list plus two additional names with the next highest ratings for each similar position to be filled if more than one; provided, however, that if any of those whose names are so certified do not appear for interview by the appointing authority, the Personnel Director, on request of the appointing authority, shall certify additional name or names having the next highest ratings to the number of those only who failed to appear; provided, however, if there are no protected class members in the list of certified eligibles and if any category of the protected class members is under represented in the department which is making the requisition, the Personnel Director shall authorize the inclusion of qualified protected class members from the under represented category on the list of certified eligibles which is referred to the appointing authority. For purposes of this section, a protected class member shall mean a person who is: (a) female; (b) a member of a minority group; (c) a person with a disability; or (d) a person over the age of forty.
- E. Hiring decisions are made according to merit and fitness. The selecting official does not have access to information on the race, sex or ethnicity of the applicant.

III. Promotion/Transfer procedures

- A. For promotion in the classified service: The names and addresses of employees of the city who are candidates on the eligible list for the class or rank to which such position belongs, in order of rating, which list shall be known as the promotional list. Any appointment from such list of a city employee whose name is not among the five highest in rating on such promotional list, if any, shall be made by the appointing authority only after proper approval thereof in writing by the Personnel Director.
- B. Positions may be filled by lateral transfer, promotion with a change in work location, promotion without a change in work location, or even demotion if this is the desire of the internal applicant. Employees are not transferred

involuntarily. Selections are made on the basis of knowledge, skills, and abilities without regard to race, color, religion, sex, disability, national origin, ancestry, age, marital status, or political opinions or affiliations. We have determined that there are no impediments to equal opportunity in these practices.

- C. Employees may also be promoted non-competitively as a result of reclassifying the position that the employee holds. This reclassification may come about as a result of the employee “growing into” the job and taking on more responsibility over time. Or it may come about as the result of the employee assuming some or all of another employee’s duties as a result of an economic lay-off, hiring moratorium, or reorganization. It would be inappropriate to competitively recruit in these situations, as there is no real “vacancy” or opportunity for anyone but the incumbent. However, we recognize that such ad hoc transitions might operate, intentionally or unintentionally, to the advantage of one group over another. Consequently, we are especially careful to monitor these transactions to ensure there are no disparities based on race, sex or ethnicity.

The City of Lincoln has evaluated its promotion procedures to determine whether they operate as impediments to equal employment opportunity. Our promotion procedures do not discriminate on the basis of race, sex, ethnicity or other prohibited bases, and are applied in a non-discriminatory fashion.

SECTION VIII
ACTION-ORIENTED PROGRAMS

These actions are not directed toward any impediments to equal employment opportunity in our existing practices but, rather, are additional good faith efforts intended to increase in the future the percentage employment of minorities and women in the City of Lincoln workforce.

We have developed the following action-oriented programs with the intention that their proper execution will result in an appropriate increase in the minority group/female representation in the group identified, if vacancies occur, or document our good faith efforts to do so.

By Job Group and Organizational Unit:

The City of Lincoln has identified those Job Groups in each Department in which the incumbency of minorities and/or women is less than that which would reasonably be expected based on their availabilities in the relevant labor pool per the most current census data available.

Personnel Procedures Action Plan:

1. The Affirmative Action Officer will periodically form a committee with the purpose of reevaluating the City of Lincoln selection processes, including the current application and supplementary questionnaire forms, to ensure they are nondiscriminatory and with the purpose of improving accessibility to City employment for diverse community members.
2. The Affirmative Action Officer will provide personnel having any part in the selection process with anti-discrimination training.
3. The Personnel Department will disseminate exit questionnaires to full-time employees leaving City employment for reasons other than termination.
4. The Affirmative Action Officer will form Employment Task Forces for racial/ethnic groups that have been historically under represented in the City work force, women, and individuals with disabilities, in order to determine how to increase interest in City employment and improve accessibility for all people.
5. The Personnel Department will provide translated versions of appropriate employment materials.

Personnel Activity
Applicant Flow, Hires, Promotions, Terminations and
Other Personnel Transactions Action Plan:

1. The Personnel Director will ensure that affirmative action efforts are part of the performance standards for Directors, Managers, and Supervisors.
2. The Affirmative Action Officer will provide Managers and Supervisors with anti-discrimination and diversity training.
3. Department Heads will make minority, female, and employees with disabilities available for participation in career fairs and related activities in the community.
4. The Affirmative Action Officer will make a special effort at secondary schools, junior colleges, and colleges (especially those with high minority or female enrollment) to interest minorities and women in City employment.
5. The Affirmative Action Officer will establish ties with minority student groups at secondary schools, junior colleges, and colleges with high minority or female enrollment.
6. Personnel involved in the selection process will use existing minority and women networks such as current employees and past employees and managers to assist in making personal contact with diverse candidates.
7. The Personnel Office will keep a file of prospective protected group candidates to refer as applicants for future vacancies.
8. The Personnel Department and the Affirmative Action Officer will conduct reviews of the position descriptions as position vacancies occur, to assure that the description accurately reflects the position functions.
9. The Affirmative Action Officer will instruct personnel involved in the employee selection process that although all job qualifications are based on bona fide job requirements, the following factors may be relevant as qualification considerations: related experience that may not be conventional, cultural awareness and experiences, ability to speak other languages, or overcoming adversity.
10. The Affirmative Action Officer will establish ties with community agencies and organizations that provide employment training for individuals with disabilities.
11. Department Directors will advertise jobs posted externally for a minimum of two weeks and, where underrepresentation exists and where it is possible per budget and time allowances, will advertise in newspapers, publications, and the internet sites of women and minority networks.

SECTION IX
INTERNAL AUDITING AND REPORTING SYSTEM

The Affirmative Action Officer is responsible for the design and implementation of the auditing and reporting system. (S)he audits personnel activity on at least a semi-annual basis in order to measure the effectiveness of the affirmative action program. The reporting and auditing system provides for:

- (1) Monitoring of all personnel activity, including referrals, placements, transfers, promotions, terminations, and compensation, at all levels to ensure the nondiscriminatory policy is carried out.
- (2) Requiring internal reporting from each department on a semi-annual basis as to the manner in which equal opportunity and affirmative action efforts are being carried out;
- (3) Reviewing report results with all levels of management; and
- (4) Advising top management of program effectiveness and submitting recommendations to improve unsatisfactory performance.

SECTION X

METHODOLOGY FOR AAP NUMERICAL ANALYSES AND ESTABLISHMENT OF GOALS

The City of Lincoln has combined all job titles into Job Groups, grouping them by the Equal Opportunity Employment Commission's EEO-4 Job Classifications. Because the Affirmative Action Program is organized by department, the EEO-4 classifications most suitably delineate like clusters of employees in each department. Size of incumbency is an appropriate factor to consider in designation of Job Groups, as Job Groups should be sufficient in size to permit meaningful analysis of utilization.

Following is a list of the Job Groups for this AAP:

(1) **Officials and Administrators (01)**: Occupations in which employees set broad policies, exercise overall responsibility for execution of these policies, or direct individual departments or special phases of the agency's operations, or provide specialized consultation on a regional, district or area basis. Includes: department heads, bureau chiefs, division chiefs, directions, deputy directors, controllers, wardens superintendents, sheriffs, police and fire chiefs and inspectors, examiners (bank, hearing, motor vehicle, warehouse), inspectors (construction, building, safety, rent-and-housing, fire A.B.C. Board, license , dairy, livestock, transportation), assessors, tax appraisers and investigators, coroners, farm managers, and kindred workers.

(5) **Paraprofessionals (05)**: Occupations in which workers perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional or technical status. Such positions may fall within an identified pattern of staff development and promotion under a “New Careers” concept. Includes: research assistants, medical aids, child support workers, policy auxiliary welfare service aides, recreation assistants homemakers aides, home health aides, library assistants and clerks, ambulance drivers and attendants, and kindred workers.

(6) **Office and Clerical (06)**: Occupations in which workers are responsible for internal and external communication, recording and retrieval of data and/or information and other paperwork required in an office. *NOTE: The definitions used to classify employees for affirmative action purposes differ from definitions found in other employment related statutes (such as the Fair Labor Standards Act). These definitions and classifications are not to be used for any purpose other than affirmative action.

Workforce Analysis See Section X.

The City of Lincoln has separately determined the availability of minorities and women for each Job Group.

The City of Lincoln has used the most current statistical information available to derive external availability data. In an effort to estimate availability as accurately as possible, we have accessed 2000 census data for occupational classifications for our reasonable recruiting area. In determining “requisite skills,” the City of Lincoln identified those Standard Occupational Classifications (SOCs) reported in the Census that were most representative of the skills required for the positions being analyzed.

Comparing Incumbency to Availability

Comparing incumbency to availability, we will make a good faith effort to close the gap in any job group having fewer women or minority full-time employees than might reasonably be expected given their availability. An appropriate measure of “reasonably expected” is statistical probability: that is, if the difference between availability and actual participation is statistically significant, the current incumbency is not “reasonably expected.” To determine availability, we look not at the entire population of a given racial/ethnic group or gender, but the representation of minorities and women among those qualified or readily qualifiable for employment in a given job group in the City’s workforce.

Placement Goals by Job Group

Our goal for every Job Group, whether there is a placement goal or not, and our objective for every organizational unit, is to continue to take affirmative action to ensure that our employment policies and practices are, in fact, non-discriminatory.
